Senator Primary Vote to Be Light

Quad-City Voters to Ballot Tomorrow on Successor to Simon

Quad-City voters will ballot at the area's 54 polling places tomorrow to nominate party candidates for state senator of the 33rd District.

Polling places will open at 6 a.m. and close at 6 p.m. Results of the ballot will be certified to the office of County Clerk Eulalia Hotz as soon as the vote is tabulated.

The special primary election is expected to attract an extremely light vote due to a lack of issues and only sporadic campaigning by candidates of both tickets.

Four Democratic and two Republican candidates are competing for the one Democratic and one Republican nomination. The regular runoff election, also a special election, will be held on April 29 to elect a state senator to fill the vacancy.

To Succeed Simon

The unexpired term in the 33rd Senatorial District resulted from election last Nov. 5 of former State Sen. Paul Simon of Troy as Illinois lieutenant governor. Simon resigned the senator post to assume his state duties in mid-January.

Whoever is nominated in the April election will have to run again in the 1970 elections in an effort to keep the office.

Balloting tomorrow will be within the boundaries of the district comprising ten Madison county townships. In addition to Granite City, Nameoki, Venice and Ponton Beach are in the Quad-City area, the 33rd Senatorial District includes Edwardsville, Union, Wood River, Godfrey, Pin Oak and Jarvis townships.

Includes 144 Precincts

These townships include 144 of the county's 186 voting precincts.

Seeking nomination tomorrow on the Democratic ticket are Harry Briggs, supervisor of Nameoki township; Patrick R. Deleberger, a history professor at Southern Illinois University; and Sam P. Drenovac, farm operator in Chouteau township, and Robert Ford, supervisor of Wood River township.

Republican candidates are Raymond O. Rogers, mayor of Edwardsville, and Merrill Ott, an Edwardsville veterinarian.

The names of two other candidates will be on the party ballot, but they have publicly announced they are no longer seeking the nomination. Both decided to forego their bid for nomination after the withdrawal period has passed, making it

Kofahl Saves Copter, Crew In First Battle

There will undoubtedly be a lot of awards given for this operation, but I know who I want to get the first one and I want to pin it on," says Lt. Col. Fred K. Mahaffey of Rosewell, N. M., commander of the 8th Battalion, 80th Infantry, 9th Infantry Division, Tan Tri, Vietnam.

Pfc Terry Kofahl of Granite City, a rifleman with Company D, was the man Mahaffey was talking about. Thanks to his actions, the commander and his entire command party are still alive.

The 2nd/40th was in the process of routing an NVA company when Kofahl came across one of the enemy soldiers, who had a dead aim on Mahaffey's command and control helicopter with a rocket propelled grenade (RPG) launcher.

"There were NVA soldiers all around us after we were inserted into the area and my platoon was in contact," Kofahl related. "I knew that there was one of them in the brush and I had seen the RPG launcher. When I finally caught him (the NVA), he had the RPG launcher loaded and aimed directly at the colonel's helicopter."

Fires in Nick of Time Kofahl opened up on the enemy soldier before he had a chance to fire the deadly grenade, killing him. Two of his bullets also hit the launcher.

"I was looking back to see where Delta Company was located when I saw this NVA soldier with a dead aim on us," Col. Mahaffey recalls. "Just

Polling Places Open from 6 a.m. to 6 p.m. Tomorrow

Voters of the Quad-City area will ballot Tuesday in 54 precincts of Granite City, Nameoki, Venice and Chouteau townships in the special senatorial primary election. Polling places will open at 6 a.m. and close at 6 p.m. and results of the voting will be reported to the office of County Clerk Eulalia Hotz.

The primary will be conducted in a total of 144 precincts in Madison county townships. Precinct polling places in the regular runoff election will be held April 29 to elect a senator to fill a vacancy created by resignation of former State Sen. Paul Simon of Troy, now lieutenant-governor of Illinois.

Precinct polling places in the Quad-Cities include 32 in Granite City, 11 in Venice township, seven in Nameoki township and

ANOTHER SEWER BREAK discovered Friday morning on St. Clair avenue at Wayne avenue being inspected by Street Dept. Workers Donald Krause (in hole) and Andrew Balsie. Emergency repairs are to start today.

Sanitary Sewer Line Collapses On St. Clair Ave.

Emergency repairs are to be started today to a break in a 10-inch sanitary sewer line under St. Clair avenue at Wayne avenue.

A cave-in, 6 1/2 feet, was discovered about 7 a.m. Friday and was immediately barricaded. Street crews installed fire hose for a distance of 300 feet to pump sewage around the break.

Street Supt. Warfield said the line is about 16 feet underground, and that Mayor Partney and city officials authorized A. H. Seebold Co., which is expected to complete repairs to day to a broken sanitary sewer line in the 2500 block of Lynch avenue, to undertake the St. Clair avenue repairs.

Warfield said the street department had noted the pavement sinking several months ago at the site of the break which is near a storm line catch basin.

Several years ago, nearly two blocks of the sewer line immediately west of the present break was replaced.

Bullet Is Fired Into Auto Agency Showroom

Vandals were active in Granite City Friday night. Incidents included the firing of a .38-caliber or .45-caliber gun through the ball-floor plate glass window of the Scotchman's laundry, and angling through the show room ceiling at Maddox Motors, 4100 N. State.

The radio aerial was broken off the parked 1968 auto of Rudy Kueker, 2549 Spaulding avenue; the convertible top was slashed on the parked 1966 car of Sam George, 2240 Manly avenue; at Tri Motor Bowl; and a rear door of the Scotchman's laundry at Bellemore Village was broken out with a chunk of concrete.

A stained glass window was kicked out at Central Free Methodist Church, 22nd and State streets, Thursday or Friday.

20 DAYS WITHOUT A QUAD-CITY TRAFFIC FATALITY

Enlargement and revision of Nameoki drainage ditch and construction of three new drainage canals in the Nameoki township area are among essential projects suggested in a preliminary survey by Horner & Shifrin, Inc., consulting engineers, to the East Side Levee and Sanitary district, it was learned today.

The tentative recommendations are contained in a report compiled by Horner & Shifrin following a recent field tour of the Nameoki ditch, Dorey Slough, Pontoon Beach and Long Lake areas at the request of levee district trustees. The inspection was arranged to determine on a preliminary basis the scope of work necessary to solve mounting drainage problems in these areas, according to William "Mike"

Burglars Active in Area; Two Madison Firms Looted

Burglaries last night at two commercial firms in which large amounts of loot were hauled away and an \$1106 burglary were among major crimes reported to Quad-City authorities during the weekend.

A number of car lootings also were reported.

Six air conditioning units, still packed in cartons, and a complete living room suite were stolen last night or early this morning from Friedman's Warehouse, 612 State street, Madison, according to a report to police by E. A. Friedman Co.

Officers said the thieves forced a rear door on the east end of the building, reached in and removed a bar. The items apparently were hauled away in a truck, police said. No estimate of the value of the loot was listed.

Burglars broke into American Sales Co., 312 State streets, Madison, last night or early today, and hauled away 40 to 45 pairs of blue jeans, 100 bed sheets, and one complete rack of assorted clothing which included coats, trousers, shirts, jackets and other items. All of the stolen merchandise had been placed in will-call, Madison police reported.

Entry was gained by forcing a front door on the south side of the building. The thieves then took a key off the cash register and opened another front door through which they removed the stolen clothing, police said. No value was placed on the loot.

Loot valued at \$1105 was obtained in a burglary during the last two or three weeks at the home of Charles "Bud" Johnson, 2120 Lindell blvd., it was said. There is a "good chance" that virtually all operations in the GM&O Venice yards would be shut down as a result of the merger.

Year's Meanest Thief Robs Stricken Man

Venice police Friday were seeking a man reported to have taken money, said to be about \$185, from Paul Vaughn, 1427 Third street, Madison, after Vaughn was stricken with an apparent heart attack in front of Larry's tavern, 400 Broadway, Venice.

Venue officers said that while Vaughn was lying on the walk waiting for an ambulance to take him to the hospital, a man who had been with Vaughn took the money out of the victim's pocket and told witnesses he would give the money to Vaughn's wife, Mrs. Vaughn told police she had not received the money.

Shortage of Men Delaying Job Expansion

General Steel Wants To Boost Employment Of 2000 Here By 10%

A growing shortage of labor has reached the point where it is seriously affecting the operation of at least one local plant, and similar problems are reported elsewhere in the U. S.

An example cited today was the Castings Division, General Steel Industries, which needs to expand its staff of 2000 by 10% but has been unable to find the additional 200. An accelerated recruiting program is being launched, a spokesman said.

The jobs pay \$2.70 an hour and the applicants need have no prior work experience or skills.

Liberal Benefits Fringe benefits have been described as "second to none," including life insurance, retirement after 30 years regardless of age, 8-20 a.m. and 5 p.m. Monday through Friday at the General Steel employment office, reached by entering the utilization of its available manpower, the level of orders for products indicates that an enlarged number of workers is essential, the spokesman explained.

The alternative would be to erect new business, which would be contrary to sound procedure and could jeopardize not only the proposed new jobs but the existing level of employment. With this in mind, the company is hopeful that all its personnel will help spread the word that "help is wanted" and needed.

Mobile TB Chest X-Ray Unit to be Here Three Days

Free chest x-rays will be given Quad-City residents starting tomorrow as the mobile unit of the Madison County Tuberculosis Association will be stationed at the Ira King market, 215 Weaver street, Venice. Hours will be 9:30 to 11:30 a.m. The unit will be stationed at the Bellemore Village shopping center on Friday from 10 a.m. to noon, 1 to 5 p.m. and 6:30 to 8:30 p.m. on Saturday from 9 a.m. to noon and 1 to 5 p.m. March 15.

The tuberculosis case detection project, conducted annually throughout Madison county, will continue through May 2.

Expansion of Nameoki Ditch, More Ditches Under Study

Enlargement and revision of Nameoki drainage ditch and construction of three new drainage canals in the Nameoki township area are among essential projects suggested in a preliminary survey by Horner & Shifrin, Inc., consulting engineers, to the East Side Levee and Sanitary district, it was learned today.

The tentative recommendations are contained in a report compiled by Horner & Shifrin following a recent field tour of the Nameoki ditch, Dorey Slough, Pontoon Beach and Long Lake areas at the request of levee district trustees. The inspection was arranged to determine on a preliminary basis the scope of work necessary to solve mounting drainage problems in these areas, according to William "Mike"

Ebersold, Madison county member of the levee board.

The report does not comprise a detailed engineering survey, but outlines suggested construction needs on which the levee board will decide whether and when to undertake. Horner & Shifrin informed levee district trustees, would involve a recomputation of design flow quantities of the Nameoki drainage canal to consider increased runoff from newly-developed residential areas within the watershed

since Nameoki ditch originally was designed.

Added to this would be the five-year storm flows to be discharged into the Nameoki ditch by the new drainage system now under construction by Granite City. Design flow from the Granite City sewer into Nameoki ditch on the five-year storm basis amount to 225 cubic feet per second through the 96-inch pipe in Victory drive and 500 cubic feet per second through the drainage ditch along Edwardsville road, the report states.

The engineers also recommended design of a new canal and culvert sections between Horseshoe Lake and Victory drive to accommodate the runoff of a five-year storm from the entire drainage area including the 725 cubic feet per second

flow from the new Granite City storm outlets. A five-year storm flow capacity that a drainage facility should be designed to accommodate.

City Flow Heavy On the basis of these computations, engineers said, the Nameoki ditch should be designed to handle not only the drainage for which it originally was designed, but an additional five-year storm flow of 326,000 gallons per minute or 469,800,000 gallons per day.

"It is most probable," the reports assert, "that because of the additional 725 cfs contributed by the Granite City outfalls, enlargement of culverts under the three railroads south of Edwardsville road and possibly of

other upstream culverts as well, will be necessary."

The report suggests that preliminary layouts and cost estimates also be prepared for headwall structures and slope and channel paving at the entrance of the Edwardsville road drainage ditch.

Objective of the drainage study for the Dubory Slough area, where ponded water from surface drainage has been plaguing residents in the 2700 and 2800 blocks of Angela drive, will be to provide adequate drainage along Angela drive and the entire area east of Marvylle road to the Alton & Southern Railroad, the report states.

Alternate Plan Suggested

An alternate plan for an outlet ditch should be included in plans for solving the problem, it added.

To obtain adequate fall, the ditch will have to extend southward from the slough directly to Horseshoe Lake or possibly southward and eastward to a new ditch which also is proposed for Long Lake," the report sets out.

A direct outlet to Horseshoe Lake adjacent to the A&S Railroad would also provide drainage for the low area south of Pontoon road, the report adds, but this alignment would require a large culvert of considerable length under and northward from Whipperwill lane.

To avoid the culvert construction, the new ditch could be constructed eastward from a point north of Whipperwill lane and connected to an outlet channel for Long Lake crossing the Alton & Southern Railroad about one-half mile south of Pontoon road. This west-east ditch, the report states, would provide drainage for the low area north of the Litchfield & Madison Road and south of Pontoon Beach.

Propose Ditch or Sewer

Relief for the Breckenridge lane, Center avenue and Division street area west of Long Lake would require a drainage ditch or closed sewer connected to Long Lake with a capacity necessary to prevent flooding in the critically low areas between the A&S Railroad and Long Lake, the engineers reported.

Solution of the flooding problem in the Long Lake area, they said, would involve utilization of Long Lake for storage of runoff to the maximum possible

Withdraws from Race
Those not making the race are Walter T. "Buck" Simmons of Venice, who was appointed clerk of the Fifth District Appellate Court after he had filed in the senatorial race and Dick Mallett, Collinsville auto dealer, who has announced his withdrawal because of health reasons.

The special primary and election were called by former Illinois Gov. Samuel H. Shapiro following the November general elections in which Simon won the lieutenant-governor's office. Shapiro's action was contested in court through petitions filed by Dick H. Mudge, Edwardsville attorney, and Richard Allen, Granite City attorney, who contended the election should not have been called until after Simon's resignation became effective. They maintained no vacancy existed until a few months in the General Assembly before the office would be open to election in 1970.

Miss Holtz's office was winding up election arrangements today with delivery of official ballots and registration binders in precincts throughout the district. All taverns in the area are to be closed during the election hours, officials said.

Briggs Guest of Honor at Demo Testimonial Meet

A lust for power more than anything else, has set this nation on a course of violence, distrust and loss of respect for personal values, Harry Briggs, Nameoki township supervisor and Democratic candidate for nomination as state senator in tomorrow's special primary election told an audience at a Democratic gathering in Wood River Saturday night.

Briggs was guest of honor at a \$10 per plate testimonial dinner in Skaggs Restaurant at Wood River, under the sponsorship of the Wood River Democratic Organization.

Briggs sounded a warning to the people to "keep a close eye and ear on the movements and activities of your senators and representatives—both state and national.... Be quick to make your opinions known to those who represent you." For they are your representatives, which means their sole purpose is to represent your views for your welfare.

Venice Council Okays April 15 Polling Places

Precinct polling places for the April 15 Venice municipal election were established, election clerks appointed and plans discussed for several instructional meetings for poll workers during a regular meeting of the Venice city council Friday night.

Polling locations, at which Venice voters will ballot by wards rather than precincts, were established by resolution at:

Ward One, 100F Hall, Second and Gravelle streets; Ward Two, St. Mary's church basement, Sixth and Lincoln streets; Ward Three, Walter Wilson building, 1100 Calhoun street; and Ward Four, Georgia Sands building, 107 Weaver street.

The resolution also named five election clerks at each polling place and Mayor John E. Lee announced plans for several meetings in which City Clerk William "Mike" Ebersoldt will outline to the poll workers the duties necessary to tallying the vote and reporting results after the tabulation.

Will Pay Fee

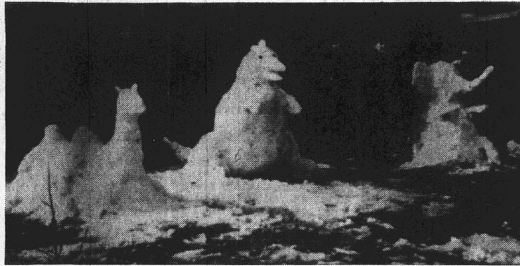

Arrangements for the instructional sessions will be made later. Mayor Lee said that the city will arrange to pay a fee for attendance at the discussions. A mayor, city clerk, city treasurer and four aldermen are to be elected in the April 15 election.

Council members also approved a resolution authorizing transfer of \$100,000 from the working cash fund to the general fund to help finance operations until 1968 tax collections get underway in early summer.

Comptroller Carl Byrnes reported he had received a final tax settlement of \$81,750 for the city of Venice, and \$202 for the city's share of the Venice township road and bridge fund.

With the \$100,000 from the working cash fund, this should provide the city ample funds for normal disbursements through July, Byrnes reported.

fire station to permit entry of larger fire trucks was accepted by the council. A previous offer set a cost of \$4100 for the work.

Accept Fire Bid

The council authorized acceptance of the offer subject to final approval by City Engineer Jack Tolliver, who said the offer had been made verbally and he still is awaiting written confirmation. The work will entail removal of a center column in the entranceway, raising of the height of the doorway and installation of new doors.

City Treasurer Bernard Anderson reported total expenditures of \$27,387 for all city departments during February and a cash balance of \$22,212 as of March 1.

The city began February with a balance of \$38,385 and had receipts of \$11,215 for total available funds of \$49,600, the treasurer reported. Payment of the disbursements left the \$22,212 balance, he said.

Major expenses during February included \$10,032 for the police department, \$3817 for the street department, \$3313 for the sanitation department, \$3020 for salaries for city officials and \$2314 for the fire department.

Grant Building Permit

A building permit for construction of a four-room apartment over a garage was issued to George Bizzle, 315 South Fourth street. Cost of the construction was estimated at \$5000.

The council accepted a report on a state audit of the city's motor fuel tax account and Alderman Louis Ratliff, chairman of the street committee, reported that the Illinois Terminal Railroad is repairing the crossing at State and Market streets.

Mayor Lee announced that the Student Government Day at Venice will be held Wednesday, March 19. Venice school students selected by the pupils will take over city offices for the day.

MORE ABOUT GMO-IC

The Interstate Commerce Commission last September, but with exception of a few brief news releases "has been kept pretty quiet," Simmons said.

The case has only now reached hearing stage, Simmons pointed out, and hearings are set for April 9 in Kansas City, Mo. and April 28 in the Gateway Hotel at St. Louis.

Simmons has requested Venice city officials to have a representative present at the St. Louis hearing, but no action on the appeal has yet been considered, although Mayor John E. Lee of Venice said the city council possibly will adopt a strong-worded resolution protesting the merger.

Mayor Lee said that such a merger would have no effect upon the GM&O's commitment to sharp in the cost of building the Broadway underpass. The railroad's participation in the underpass program is under order of the Illinois Commerce Commission, he said.

Secretaries Hear Talk on Nassau

About 20 members and guests were present Thursday evening at the Officers Wives Club, Granite City Army Depot, to hear Ray Seokeky of Diners Fugazy Travel Co., St. Louis, talk on the subject of vacations in Nassau to the Tri-Cities Chapter of The National Secretaries Association at a monthly dinner meeting.

This program, which included a film, was planned for those who will be attending the international convention of the National Secretaries Association in Miami from July 15 to 19, and who want to include Nassau in their vacation plans.

In the absence of President Bettie Davis, vice-president Joy Augsburger presided and welcomed the guests. Mrs. Juva Dennis of Illinois Terminal Railroad, Mrs. S. A. Gracey of Nesco Steel Barrel; Mrs. Lou Hemming of the Granite City Army Depot; Mrs. Edith Headrick of Granite City Steel Co., and Mrs. Evelyn Bundy of the Illinois Division of Highways. Accompanying Seokeky were Gene Andrews of Eastern Airlines and his secretary, Miss Jan Strawheit of St. Louis.

Members of the Tri-Cities Chapter voted to take orders for lunch cakes, which will sell for \$2.25 each, with delivery to be made on Good Friday. The cakes will be baked by Mrs. Sunny Scraggs. Anyone wishing to order a lamb cake may contact any Chapter member. Funds will be for the Home Trust Fund contribution and for the Future Secretaries Association at the local high school.

Michael Newton, a well-known St. Louis personality, who heads the Arts and Education Council of Greater St. Louis, will speak at the chapter meeting on Thursday, April 3. Reservations may be made with Mrs. Shirley Schwendemann, Mrs. Bernice DeRousse, or Miss Frances Kuback.

WCTU Conducts Spring Institute

The Spring Institute of the Woman's Christian Temperance Union was held Friday at the Gospel Mission, 241 East 20th street.

The meeting opened at 10:30 a.m. and group singing was led by Mrs. Juanita Harris of Bethalto with Mrs. Robert Nessi of Alton at the piano.

Mrs. William Fisher had the devotional lesson, and a letter was read by Mrs. Bethel Davis, president of the Granite City local, from Mrs. Melvin Criss, a state officer, regarding a new commemorative postage stamp designed in honor of the astronaut flight to the moon. The design included the words "In the Beginning, God."

Mrs. Genevieve Willmott submitted a report of five motion pictures and three film strips on drinking and smoking to be shown in the local schools. They are available on request. A part of the program in the morning included a duet by Mr. and Mrs. Robert Nessi of Alton.

After the noon luncheon, there was group singing and prayer. Mrs. Ruth Lucas led the devotional service, and there was vocal number by Mrs. Juanita Harris, county president. Mrs. Fern Hewlett read several of her original poems and Granite City Detective Sgt. Joseph Nemeth spoke on police work, much of which is caused by persons under the influence of alcohol, and lack of discipline in the homes, he said.

Members and guests were present from Bethalto, Alton and the local area. The meeting was closed with a song and the benediction.

Nine Warrior Baseball Lettermen Will Return

The 1969 baseball Warriors have nine returning lettermen, including Pitchers Jim Becker (2-1) last year, Charles Frizzell (1-1), Don Haddix (1-1) and Steve Harris (1-2). Also back are Catcher Roger Belshe, who batted .338, Shortstop Gary Simpson (.314), Infielder Rich Logan (.275), and Outfielders Mike Pokarik (.320), and Bob Wojtowicz (.250). There has been some outdoor hitting practice, and the batters have been working indoors. Gale Garbe, new Warrior coach succeeding Joe Fedora, who advanced to athletic director, says, "We have just started our hitting. It isn't easy to find a spot dry enough to do much, but we have a gasoline pitching machine that doesn't take much room to set up. "The pitchers and catchers have been working out in the gym for about two weeks. It takes them a little longer than the fielders to get their arms into shape. Opener March 25 "We have about 25 boys getting ready for our first game at Breese Mater Dei March 25." First home opponent will be Roxana March 28. "We have several boys returning from last season who didn't letter, including Jeff Boyles, who had a varsity pitching record of 1-0. Mainly we are lacking outfielders." The Warriors graduated their starting outfield. One of them is practicing with the Cincinnati professional team and one plays for Hardin-Simmons College in Texas. "I think we are going to surprise some of the teams we have some pretty solid ball players coming back. Although we aren't expected to be as tough as we have been the last couple of years, I think

we will have a pretty good team," the coach comments. Alton is favored to take the Southwestern Conference championship, based on the fact that it has its best starting pitcher from last season and most of the starting lineup back. Granite City is the only team in the conference that does not have its main starting pitcher back. Garbe adds, "Our main object is to get into shape. Some people seem to think that baseball players don't run as much as other athletes, but our team is an exception. "We do as much as, if not more than, some sports that involve running. It is important to be in top shape." Mitchell Baseball Will Open May 10, Tourney in August The Mitchell County League season will officially start May 10 and regular season play will begin May 12. The May 10 date is for the annual exhibition games that follow the boys' baseball parade and speaking program. The second annual invitational baseball tournament will be held over the weekends of Aug. 23 and 24-25. Boys may register for the program at the Mitchell grade school gym tonight from 6 to 8 o'clock or through May 1. After this evening's registration, boys wishing to sign are to contact Dick Chambers, director, at 831-4539. It is expected that about 240 boys will take part in this summer's program, an increase over last year. The league is expanding into the Juvenile Division, 14-15 years olds for the first time.

4 GCHS Products On Cape Wrestling Team

Granite City high school has a special place in the heart of S.E. Missouri State College (Cape Girardeau) wrestling coach Ken Tillman. The junior physical education major went on to compile a 4-7 record for the season. He concluded the year by upsetting a favored opponent in the conference tournament and taking third in the meet. This season, which has just ended, he had four Granite City products on his starting team. They were Paul Lapinski, a senior, Steve Johnson, a junior, and Gary Oxford and Ernie Schwendemann, both freshmen. "Everyone knows Granite City has one of the outstanding wrestling programs in the entire Midwest," said Tillman, "and the four members of our squad from there have certainly been mainstays for a real all year. Lapinski, especially, has been a team leader and a real sparkplug."

Lapinski, Oxford and Schwendemann all participated in organized wrestling during their high school days in Granite City. Johnson, who is attending Southeast Missouri on a football scholarship, did not. How he became a member of the mat squad is a story in itself. Last December, shortly after the season had opened, Tillman found himself in need of someone to wrestle in the heavyweight class. Tillman had gotten to know Johnson through a class in the coaching of wrestling, and his name came to mind. A few days later, the coach ran upon Johnson in the field-

house and made his proposal. That afternoon, Johnson left with the team on a trip to Emporia, Kan. The junior physical education major went on to compile a 4-7 record for the season. He concluded the year by upsetting a favored opponent in the conference tournament and taking third in the meet. This season, which has just ended, he had four Granite City products on his starting team. Lapinski, especially, has been a team leader and a real sparkplug."

Also a physical education major, he was the team co-captain this season and last, and conference runnerup in his weight for the last three years. The man who beat him out last year, and again on Feb. 28, is the defending NCAA small college national champion in the 115-pound class. Oxford, a mathematics major who wrestles in the 123 and 130-pound divisions, had a 12-7 record in his first season of varsity competition. He took second in the conference meet and led the team in pins with eight, just one shy of the school record. Schwendemann, a pre-dental student, wrestles in the tough middle classes at 132 and 160 pounds. He started the season slowly, but showed consistent improvement, according to Tillman. He finished with a 6-1-1 state.

43,884 BOXES OF
COOKIES SOLD IN AREA

Neighborhood Three Girl Scout leaders held their March meeting at Marshall school Thursday evening with the chairman, Mrs. Mary Lockhart, presiding. Mrs. Velma Collins read reports and Mrs. Doris Votaw, district chairman, registered troops for their annual membership.

Prior to the meeting, Mrs. Mary Earls conducted basic and refresher first-aid courses for leaders.

Mrs. Vivian Davis, neighborhood cookie chairman, announced that the district had sold 43,884 boxes of cookies during a recent sale. Delivery will be at the end of this month.

Mrs. John Dix, in charge of a Brownie level, invited the leaders to her home for a planning session.

Mrs. Doris Stotz gave a re-

port on a tree planting ceremony March 15 at 1 p.m. at Wilson Park Shelter Seven. All scouts in District Four will participate. Miss Linda Polette will serve as master-of-ceremonies and will present Supt. Harold Brown with a pin oak tree on behalf of all the troops.

Mrs. Stotz also announced that a junior fun day will be held at Camp Lakota April 19, or May 3 in case of bad weather. The event will have a circus theme, with Neighborhood Five under the direction of Mrs. Wilma McQuinnay as hostess. Juniors may attend dressed in keeping with the theme, and reservations are to be given by April 2 to Mrs. Jackie Watkins or Mrs. Stotz.

Mrs. Mary Fryntko, district day camp director, asked for workers during the three weekly sessions at Camp Lakota. Camp applications and money should be given to Mrs. Votaw by May 1.

Neighborhood Three will represent Switzerland at the district international dinner at 6:30 p.m. March 27 at the Madison recreation center. It will host the event, with Mrs. Fryntko, Mrs. Jo Ann Jarrett and Mrs. Joyce Lawson in charge. Tickets will be sold until March 21.

Refreshments were served by Marshall Brownie leaders, Mrs. Nadine Balogh, Mrs. Carol Cottrell and Mrs. Charlotte Fuller, from a table decorated in keeping with Girl Scout Week in colors of green and yellow.

The centerpiece carried out an international theme, with a trellis affixed to a green base surrounded with daisies and adorned with scouts dressed in the official uniforms of the United States, Switzerland and New Zealand.

Others present were Mesdames Betty Van Gilder, Peggy Jamison, Mae Lee, Olivia Kun-

nemann, Audrey Speirs, Janette Garrison, May Rita Ahlers and Joan Ann and Misses Linda Polette and Helen Groz.

The next meeting will be April 3.

TROOP EASTER PROJECT

Brownie Troop 519, led by Mrs. Audrey Speirs and Mrs. Janette Garrison, met at Noddinghaus school Wednesday afternoon. President Carla Penrod led opening ceremonies and the troop discussed the annual "bunny box" project.

The girls will bring containers to be decorated at the next meeting. They attended church in uniform yesterday and will take part in a tree planting ceremony Saturday at Wilson Park.

The Brownies are preparing a report and will draw a map of a foreign country in keeping with an international friendship theme Thursday. The leaders taught the members how to tie a square knot and Tammy Speirs answered roll calls.

Answering roll call were Jodi Alexander, Tina Bladdick, Robin Barnes, Jackie Chapline, Beth Gallinger, Jamie Garrison, Patti Jarrett, Paula Kay Bogosian, Laura Kelly, Janice Morgan, Carla Penrod, Sherri Singleton, Lauri Shuran, Tammy Speirs, Rebecca Spurling, Tracy Lee Tracy and Lori Voss.

REHEARSE FOR PTA

Brownie Troop 198 met at Webster school Wednesday to practice a flag ceremony and a song it will perform at tonight's March PTA meeting under the direction of the troop leaders, Mrs. Betty Van Gilder and Mrs. Peggy Jamison.

The troop discussed an Easter project, cookie and candy-filled boxes for patients at Alton State Hospital. Places to visit and things to do in coming months

Gen. Chesarek 2nd to

Head Material Command

President Nixon on Thursday
named Lieutenant General
Ferdinand J. Chesarek, U. S.
Army, for assignment as com-
manding general, U. S. Army
Material Command, and ap-
pointment to the grade of gen-
eral. He is presently serving as
assistant vice-chief of staff, U.
S. Army.

Chesarek replaces Gen. Frank
S. Besson Jr., the Army Ma-
terial Command's first com-
mander, who was a recently
named chairman of a new Joint
Logistics Review Board estab-
lished under auspices of the
Joint Chiefs of Staff. The board
will conduct a study of the lo-
gistics systems in support of mi-
litary operations in Southeast
Asia.

Gen. Chesarek takes com-
mand of a far-flung military
agency which operates with a
\$24 billion inventory and annual
expenditures of \$14 billion. It
includes the Granite City Army
Depot.

Research, Maintenance
The command is basically re-
sponsible for the Army's ma-
terial mission, including re-
search and development, pro-
curement and production, stor-
age and distribution, inventory
management, and maintenance
and disposal.

With headquarters in
Washington, D.C., area, the
AMC consists of a nationwide
network of military installations
and more than 100 activi-
ties.

It directly employs 15,000 mi-
litary and 18,000 civilian person-
nel, operates through nine ma-
jor subcommands and directs the
operation of 28th Infantry
Division, 8th Infantry
Division, and participated in
Normandy, Northern
France, Rhineland and Central
Europe campaigns.

He also has served as a leg-
islative liaison officer, C-4 Divi-
sion, Department of the Army;

Gas Transmission Firm

May Seek Price Rise

An increase in the price of
natural gas supplied the Illinois
Missouri metropolitan area by
Mississippi River Transmission
Corp. may be necessary soon to
meet rising costs, the firm re-
ported Saturday.

Laclede Gas Co., which serves
the St. Louis area is currently
seeking a \$6.8 million, or 7.2%
rate rise because of rising costs
of gas purchases. That in-
crease is being sought before
the Missouri Public Service
Commission.

Venice Tavern Owner

Charged With Theft

Maynard Carter, 41, of 1213
Logan street, Venice, operator
of the Eldorado Lounge at 401
Weaver street, Venice, was
charged with theft in a warrant
issued in East St. Louis after
two air-conditioners that had
been stolen were found in the
tavern.

Carter was arraigned Friday
in East St. Louis and released
on bond to appear in circuit
court at a date to be scheduled.
Police said the air-conditioners
were valued at \$804, were re-
ported stolen last July 29 from
Westchester Steel Metal Co.,
2634 St. Clair avenue, East St.
Louis.

On Thursday, Thomas West-
chester operator of the sheet
metal firm, was at the Venice
tavern preparing to submit a
bill to install air-conditioning
when he saw the units in use at
the lounge and identified them
from serial numbers as his own
property, police reported.

Venice to Default Again On Bridge Bond Interest

The city of Venice, beset for the past two years with declining revenue from operation of the city-owned McKinley bridge, will default April 1 in payment of another \$110,000 interest due on outstanding "B" bonds, Mayor John E. Lee said today.

It will be the second such default. The bridge administration was unable to pay a similar amount in interest last Oct. 1. The "B" bond interest cost amounts to \$220,000 per year, payable semi-annually on Oct. 1 and April 1.

Mayor Lee said, however, that the city will pay from \$35,000 to \$40,000 on the interest account, but that this will apply to the unpaid interest of last October and will be prorated among the bondholders. The city has \$11 millions in outstanding "B" bonds, about 70% of which are held by the Illinois Terminal Railroad.

\$180,000 Debt
The April 1 default on \$110,000 in interest, along with payment of about \$40,000, will leave the city with a total of \$180,000 in overdue interest on the "B" bond issue.

Inability to pay the interest results from a steadily worsening financial picture that began developing two years ago when the Interstate Route 270 toll-free bridge west of Mitchell was opened. The I-270 bridge took considerable traffic from McKinley bridge.

Last fall the Poplar Street bridge in East St. Louis, also toll-free, opened adding to the problem of skidding traffic volume. From a peak daily average traffic volume of more than 14,000 vehicles two years ago, use of McKinley bridge has dropped to a current daily average traffic of slightly more than 800 vehicles.

At present, Venice pays no principal on "B" bonds and such payments are not scheduled to start until 1985 under the original bond ordinance.

The city bought McKinley bridge in 1968 with a bond issue of \$11,970,000 in "A" bonds and \$11 millions in "B" bonds. Mayor Lee said there is no problem in payment of "A" bond principal and interest this year.

City Lost Income

The reduction in bridge income also has cost Venice the \$100,000 it previously received each year for operating the bridge. The city's payment came last out of so-called "surplus funds" after operation, maintenance, bond, interest and all other costs were paid.

Referring to the backing of unpaid "B" bond interest, Mayor Lee noted, "we're so far behind now that I can't foresee any bridge funds for the city for a long, long time."

Venice relied heavily on its bridge income, particularly for financing capital improvements for which no other funds were available.

Mayor Lee and Henry McMullen, bridge manager, said the higher toll-rate schedule initiated last Oct. 1 has resulted in "some increase" in revenue, but not to the extent that it comes anywhere near solving the financial difficulties.

Mrs. Helen Orasco, Venice, Dies at 60

Mrs. Helen Mae Orasco, 60, stricken at her home, Apartment 64, Venice Homes, Venice was pronounced dead on arrival upon being taken to St. Elizabeth Hospital at 2:30 a.m. Sunday.

Born in Broughton, Ill., Mrs. Orasco resided in Venice 41 years. Her husband, Louis died in November 1965. She is survived by four sons, Pete of Independence, Mo., Bobby and Michael, both of St. Louis, City, and Pvt. Larry Orasco, Fort Leonard Wood, Mo.; one daughter, Mrs. Robert (Patricia) Dollins, DeSoto, Mo.; four brothers, Clyde Sanders, Venice, Fred Sanders, New Mexico, Jess Sanders, Granite City, and Ray Sanders, Alton; and 16 grandchildren.

Funeral arrangements are given in the obituary column.

Charter Granted for Waste Control Council

A corporation charter has been issued by Secretary of State Paul Powell for the Industrial Waste Control Council composed of representatives of industries in the bi-state metropolitan area.

The organization is interested in the control of air and water pollution, including that created by solid wastes.

Named as officers of the council, which has been in existence about two years, are Donald F. Cairns, engineer at the blast furnace division of Granite City Steel Co., chairman of the board; Bruce Kester of Missouri Portland Cement Co., president; and George Sample, engineer for Shell Oil Co., vice-president.

Other officers are William Hoelscher, executive director of the Manufacturers Association of the Tri-Cities, treasurer; Curtis M. Long of the Associated Industries of Missouri, secretary; and Lowell Burns of the Chamber of Commerce of Metropolitan St. Louis, assistant secretary-treasurer.

The address listed for the council is 1251 Niedringhaus avenue, the office of the Manufacturers Association.

A change of name from Rosenthal Shoe Co. of Granite City to Daniel's Shoe Co. was granted.

Township Building in Month Lists \$95,000

Eight building permits listing values totaling \$95,200 were issued for new construction in Nameoki and Chouteau townships during February.

Only one was for Chouteau township, a permit for a garage obtained by John Cuvier in the Morrison subdivision at a cost of \$700.

Permits for brick homes in Nameoki township were issued to Truman Coggins in Wellington Heights first addition, \$19,000; Paul Dickerson in Wilshire Manor, \$15,000; Russell Lewis in Maryville Heights third addition, \$17,000; Jim Watts Construction Co. in Dream Villa No. 5, \$25,000; and Wilshire Manor Inc. in Steelcrest Village Manor, \$15,000.

Obtaining permits for other purposes were David Jarrard to alter a home, \$10,000, and Orrin Quinn to remodel and repair a building to be used as a display room and office in State Park Place, \$2500.

New Alton Locks, Dam Recommended by Army

U. S. Rep. Melvin Price is announcing that the Department of the Army board of engineers for rivers and harbors has recommended authorization of a new \$203 million structure to replace lock and dam No. 26 at Alton.

The report will go to the Army chief of engineers for further evaluation and submission to the secretary of the Army for final approval.

The recommended new structure would provide two 110x1200-foot locks. It would return about \$31 million annually in navigation benefits.

The benefit-cost ratio, computed by using the newly prescribed interest rate of 4½%, is estimated at 2.521.

Hit-and-Run Accident

The left front fender of an auto driven by James T. Clements, 1901 Edwardsville road, was struck by a hit-and-run driver Thursday on Niedringhaus avenue near Edison avenue.

Conference on Reading At University Tuesday

J. E. Sparks, reading consultant for the school system of Beverly Hills, Calif., will be keynote speaker for a "drive-in reading conference" at SIU-SW tomorrow.

The conference will be geared to reading programs for secondary school people. Fifteen area educators will also assist in instruction for the conference. Small group sessions at the SIU-SW reading conference will begin at 4:30 p.m. in the Peck Building, with Sparks' speech slated for 7:30 p.m. in the University Center ballroom. The registration fee is \$2.50. Additional details may be secured by contacting David Bear, director of the SIU-SW Reading Center.

Sparks is completing his doctoral study at UCLA, where he is majoring in curriculum and instruction. He is host of "Read Right," a television series of 20 shows on the teaching of reading. It has been seen on Los Angeles, Chicago, Washington and Cleveland stations and is currently being aired in the New York area.

Cars Damaged in Crash

Cars driven by James E. Pennington, St. Louis, and Donald C. Slack, Alton, were damaged in a mishap at 3 a.m. Saturday at Second and Jackson streets, Madison. Pennington was charged with driving without a driver's license and reckless driving. He posted bond pending a hearing.

100 Trees Here For Arbor Day's First 100 Years

Wilson Park was the scene Friday afternoon of a project not to have its culmination until Arbor Day three years from now.

John Habertier, arborist and tree consultant of Creve Coeur, Mo., had presented 100 one-year-old seedling trees to the Gardenaires, garden club of Granite City. With his permission, the Ginkgo and Pagoda tree seedlings were given to the Granite City park district for its nursery.

Because of Habertier's extreme interest in youthful participation in tree planting arrangements were made for children in Niedringhaus grade school to help with the tiny trees.

The trees will remain in the nursery until 1972. The saplings will then be transplanted in various park areas of this community in celebration of the centennial of Arbor Day, originated in 1872 by J. Sterling Morton.

Arbor Day is traditionally known as "the only American holiday that looks to the future, not the past."

It is a day to understand "the place of trees in our daily lives and to pause and consider what our town and homes would be like without trees." This year, it will be celebrated on April 23.

Mrs. Earl T. Glenn, president, and Mrs. John Farrell, vice-president of the Gardenaires, attended to aid the youngsters with the planting.

19th-Grand Accident

Aston driven by Ross Lang, 1566 Garfield avenue, and Daniel Krause, 3996 Lake street, collided at 19th street and Grand avenue at 4:40 p.m. Thursday.

Emmett M. Burns, 58, Dies; Former Resident

Emmett M. "Sis" Burns, 58, Livingston, a lifelong resident of Venice until ten years ago, died of emphysema at 12:20 p.m. Thursday at Staunton Memorial Hospital. He had been in ill health the past year and was admitted to hospital one week ago.

Mr. Burns was born in Venice. He had retired about a year ago from Granite City Steel Co. due to disability. He was a member of the Sacred Heart Church of Livingston and the United Steelworkers.

Surviving are his wife, Mrs. Mary (Burke) Burns; one son, Michael, 15, residing at home; one sister, Mrs. Jess (Glenor) Hadley of Granite City; and four brothers, Lawrence, Donald and Charles "Bill" Burns, all of Granite City, and John Burns of Livingston.

Funeral services were held at 11 a.m. today at Sacred Heart Church, Livingston.

QUILTERS MEET AT NAMECKI METHODIST

Namecki United Methodist Quilting ladies gathered at the church Wednesday for a day of quilting. A noon sack luncheon was enjoyed, with a gelatin salad furnished by Mrs. Anna Alsop.

Those present included a guest, Mrs. Nellie Jones of Steeleville, Ill., and Mesdames Marie Long, Lucille Russell, Marian Whitaker, Virgie Daniels, Villa Ridings, Dorothy Sinner, Luan Briner and daughter, Linda, Violet Miller, Lucille Webb, Anna Alsop, Gladys Russell, Joie Niemeyer, Ruth Gibbs, Alma Cowan, Viola Thomsberry and Evelyn Briggs. The ladies will meet at the church Wednesday from 9 a.m. to 3 p.m.

PTA BOARD TO MEET

The nominating committee of the Parkview school PTA met Thursday evening in the home of Mrs. Martha Lane, 3224 Willow avenue, to select a slate of officers for the 1969-70 year to be presented at an executive board meeting Tuesday evening. Those attending were Mrs. Janet Kunick, membership chairman, and Don Mega, program chairman.

MRS. HARTMAN HOSTESS

Mrs. Angie Hartman entertained the Thursday Evening Bunco club in her home, 2300 State street, Thursday as the group gathered for an 8 o'clock dinner.

The hostess chose an olive green cloth, tall green tapers and a centerpiece of an artificial bowl of fruit. Games were played, with prizes awarded to Mesdames Kathryn Smithson, Myrtle Ryan and Lorine Campbell and the hostess.

A dessert luncheon was served by Mrs. Hartman to those named and Mesdames Alice Koesterer and Louise Orr. Mrs. Smithson hosted the club to her home, 2592 East 27th street, March 20 at 8 p.m.

JOINT FELLOWSHIP MEET

The Central Women's Fellowship of Central Christian Church held a monthly meeting there Thursday evening and a combination session with the Central Men's Fellowship. Plans were made by the women to bring cookies to a Sunday service for the St. Louis Children's Home.

The program was presented by Warren Collins on "Today's Prophets—True or False?" The worship service followed, with a similar theme presented by Rev. James Craddock.

Refreshments were served by Group Seven. Table decorations were in keeping with St. Patrick's Day; the centerpiece was of green foliage, and guests received Irish napkins. Due to Holy Week, the next meeting will be held April 10 at 7:30 p.m.

BOOK STUDY IS HELD AT CHURCH OF CHRIST

A 10 o'clock book study was held at the Church of Christ on Clark avenue Wednesday as Phillip Powers, minister of the church, taught "Far Above Rubies" by Mrs. Earle H. West. Lunch was enjoyed and the afternoon was spent sewing for a nursing home in Oklahoma. The ladies' club donated \$15 monthly for the care of Vietnam orphans.

Those present were Mesdames Avis Weitzel, Lori West, Margaret Bromley, Freddie Powell, Laura Williams, Ella Shelton, Imogene Cable, Carlene Lee, Mary Lorton, Velma Stethem, Sara Tabor, Pauline McDaniel, Ida McKinney, Beulah Hayes, Arlene Powers and June Eavenson.

BECOME GRANDPARENTS

Word was received Saturday that Mr. and Mrs. John Sarich, 2012 Richmond avenue, have become grandparents.

A son was born Saturday morning to Mr. and Mrs. John Francis Sarich at Sandia Air Force Base in Albuquerque, N. M. The infant weighed eight pounds and has been named John Matthew. Maternal grandparents are Mr. and Mrs. Clifford Hartling of Covina, Calif. Sarich is in the Army medical school at Sandia. He graduated from Granite City high school and was active in Hope Lutheran Church, which inspired him to join the Peace Corps. He attended a Peace Corps school and served a short while in the New England states and then for a year in Cincinnati prior to entering the service.

UNIT SELLS 108 BOXES

Junior Girl Scout Troop 143 of Namecki school met Wednesday with the leader, Mrs. Albert Heeger, who announced that the troop sold 108 boxes of cookies which will be delivered in late March and early April. Top salesmen were Karla Foote, 153 boxes, Letty Kessler, 114, and Lami Tomasi, 89. Announcement was made of an annual tree planting ceremony to be held by area scouts at Wilson Park Saturday at 1 p.m.

On Sunday, the scouts attended Namecki United Methodist Church in uniform in observance of Scout Sunday. They were accompanied by Mrs. Bruce Wright.

ROBIN MUCHO HONORED ON 12TH BIRTHDAY

Robin Mucho was honored with a 12th birthday party Saturday evening by her parents, Mr. and Mrs. Charles Mucho, in their home, 2437 Adams street.

The honoree opened many gifts prior to refreshments being served. The luncheon table was centered with a large sheet cake decorated in brown, orange and green. Pink punch was served from a large crystal tray. Those present included the paternal grandparents, Mr. and Mrs. John G. Mucho, and Mr. and Mrs. Jerry Walker and daughters, Sherri and Lisa, John J. Mucho, Mrs. Rose Nevala and daughters, Sherry and Karen, and the honoree's brothers, Charlie, Gregory and David.

GIRLS AUXILIARY WEEK OF PRAYER

The Junior Girls Auxiliary of Suburban Baptist Church met Wednesday evening as special services were held in observance of a "week of prayer." In the church auditorium, a film was presented on "home mission work." After returning to their meeting room the girls were given dates of June 16-20, June 23-27, July 30-Aug. 4 for GA camp to be held at Lake Sallateka. Registration fees are to be turned in by the girls to Mrs. Jo Ann Tellerli, by March 19.

Announcement was made of a pot luck dinner and book study in the home of the leader, Mrs. Janet Kunick, 2508 Stratford lane, March 21 at 5 p.m. Songs were practiced for an "activity program night" to be presented at The Colonades, with Tammi Terrell accompanying at the piano as they sang "Christ the Only Hope" and Ruth Ann Fisher accompanying as they sang the GA hymn, "We've a Story to Tell to the Nation."

Others present were Carrie Cook, Jeanene Kunick, Kim Kitchen, Margaret Carlisle, Lorraine Miles, Paula Hopper, Cindy Hinson, Lynn Coker, Terry Varady and Debbie Kirgan. The group will meet Wednesday at the church at 7:30 p.m.

FROHARDT TROOP MEETS

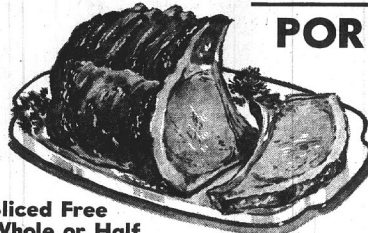

Brownie Troop 981 of Frohardt school met at the home of the leader, Mrs. Mary Spillers, 3156 Rodgers avenue Wednesday. Plans were announced to change the meeting place to the home of the co-leader, Mrs. Lori Wilson, 1911 Lynn avenue, beginning this week. Roby Watson and Denise Elmore opened the meeting. Others present were Lynn Wilson, Amy Spillers, Donna Smalley, Annette Setzer, Brenda Smith, Debbie Bushong, Kathy Goodrich, Marguerita Roth, Cheryl Conway and Sandy Forte.

"Dunking bees" were made from dishcloths and shoestrings to be used at camp to wash eating utensils. Easter boxes were discussed. The girls wore their uniforms to church on Scout Sunday.

3. On each Game Ticket are 3 Bingo Markers. To reveal the Markers, gently rub off the special rinse-away ink while holding ticket under running water. Each Bingo Marker corresponds to a space in one of the 5 games on your Game Card.
4. When you have revealed the Bingo Markers, carefully peel them off the Game Ticket and place them in their appropriate spaces on your Game Card. Example: If one of your Bingo Markers is a 5-B in the \$1000 Game, remove that Marker from your Game Ticket and place it on the space numbered 5-B in the \$1000 Game. When you complete any row of 5 squares across, down, or diagonally, you are a winner. You will find 10 squares in each Game marked FREE. This makes it easier for you to win, because you can complete a row without collecting the Markers that correspond to the FREE squares! For example, in the \$1000 Game, you need only the Markers for 3-B, 3-N, and 3-O, because 3-1 and 3-G are FREE.
5. When you have a winning card, whether you have been verified by authorized personnel, you will be awarded your prize. All game materials submitted for verification become the property of The Kroger Co. When limits in your winning card and all of your Bingo Markers which are not part of the winning row may be transferred to a new Card. ONLY ONE PRIZE WILL BE AWARDED PER GAME ON ANY ONE MASTER CARD. BINGO MARKERS, IN WINNING ROW, MUST BE INITIALED BY CUSTOMER IN THE PRESENCE OF AUTHORIZED PERSONNEL.
6. Instead of Bingo Markers, some game tickets may contain a marker for Top Value Stamps which you may exchange for such stamps immediately.
7. Game materials void if illegible, altered, mutilated, defaced, or tampered with in any way. (See Rules #13 & #14.)
8. Game materials void where taxed or restricted by law.
9. Game ends upon announcement by Kroger. All prizes must be claimed within five (5) days after announcement or they are forfeited.
10. Kroger reserves the right to reject any materials containing printing or other errors that may appear in any materials used in this game and to void any such materials.
11. Game materials valid only for this game of this division of The Kroger Co. All Game Tickets, Bingo Markers, and Game Cards must have the same series number. Example: If you have Game Card Series #11 all of your game pieces must have Series #11.
12. Employees of The Kroger Co., Kroger Associates, their advertising agencies and members of their immediate families not eligible to win.

- (1) Size of game
- (2) Series #11
- (3) Marker letter
- (4) Marker number
- (5) Marker number spelled out

BINGO MARKER VOID IF ABOVE 5 ITEMS ARE NOT CLEARLY VISIBLE.

14. "Bingo Odd! Bingo Even!" Series #11 markers must conform in size and shape to the examples illustrated in Rule 13 and must contain the five items of authentication described in Rule 13 and the design illustrated in the particular game being played on this master card or otherwise markers will be void.

YOU CAN WIN ACROSS, DOWN OR DIAGONALLY

Prayer Breakfast Held by B&PW

The Granite City Business and Professional Women's Club sponsored a "Prayer Breakfast" Sunday morning at the Madison Memorial Center. About 120 persons attended. The honored guests were Mayor and Mrs. Donald Partney, Granite City; Mayor and Mrs. Stephen Maeras, Madison; and Mayor and Mrs. John Lee, Venice.

Thomas Staloff, Pontoon Village, was unable to attend. The Prayer Breakfast was the first of its kind to be given in the Quad-City area and was endorsed by the National Federation of Business and Professional Women's Club, Washington, D. C.

The guest table was centered with a bouquet of flowers, and on each side of the flowers was a bronze "Praying Hands." The other tables were covered with blue vases containing mums. The place mats, napkins, and programs, also carried out the "Praying Hands" theme.

The welcome was given by the Club President, Mary Batson, who called upon Capt. Harold Thomas, Salvation Army, to give the flag pledge, and B. J. Davis, Granite City superintendent of schools, to give the opening prayer.

After breakfast, the program chairman, Mrs. Pauline Weir, presented the program. A greeting was given by Mayor Stephen Maeras, Reading from the Old Testament, A. L. (Pete) Metcalf, assistant postmaster, reading from the New Testament, and Mrs. Ruby Overbeck, American Red Cross.

Mrs. Mary Matthews, East St. Louis, sang two solos: "Peace, Be Still," and "How Great Thou Art." She was accompanied on the piano by Daniel Tripp of Collinsville. The message was given by Mr. Billy Terrell, layman, Suburban Baptist Church, who spoke on the subject, "The Importance of God in Our Lives."

Mayor Lee and Mayor Partney spoke briefly, as did Mayor Sherris Study Sewing, COOKING, MANNERS

The 58ers 4-H club held a monthly meeting Thursday at St. John's United Church of Christ. Barbara Presto and Donna Schilling opened the meeting and the girls answered roll call with favorite subjects in school.

Announcement was made of an essay contest on "good government." Janice Mueller presented a demonstration on sewing on a button. Christy Lombardi's demonstration was on winding yarn, and how to break an egg was shown by Janice Hamilton.

A talk was presented by Patti Brokaw on "Good Manners." Jeanne Kunick, Debbie Kiran, Melissa Corcoran, Crystal Andrews and Laura Corcoran were welcomed as visitors for their first meeting. Also welcomed were Mrs. Mary Yevin, Mrs. Mable Gertsch and Mrs. Ann Bade.

Recreation was led by Nancy Hamilton and Barbara Preston. Surprise refreshments of fortune cookies were served by Donna Schilling and Cheryl Gertsch. They had baked them.

Others present were the leaders, Mrs. Eva Mueller and Mrs. Harriet Bunselmeyer, and Ronnie Wadlow, Patty Bade, Janet Bunselmeyer, Carla Hileman, Kim Hunt, Denise Lehnkuhl, Susan Moberly, Mary Mueller, Brenda Wadlow, Martha Mueller, Kathy Petrovich, Jo Ann Kamibich, Peggy Smolich and Marjann Yevin.

MADISON ELECTION CAMPAIGN IS CURIOUS

To the Editor:

It is a curious phenomenon, this election in Madison for city offices.

What is most curious is the constant diatribe enunciated by the mayor of Madison concerning people who oppose him and his political machine. It seems that anyone who opposes the Madison political machine is ungrateful.

Perhaps the mayor of Madison needs a good course in American civics.

In America, the government is supposed to serve the people. The mayor would have us think that the people are supposed to serve the political machine in Madison.

In reality, it is the mayor who is ungrateful. He has been mayor of Madison for over 20 years. He should be grateful to the people of Madison for allowing him and his machine to rule for the last two decades.

MADISON VOTER

ADDITIONAL HOSPITALS NEEDED IN THIS AREA

To the Editor:

Belleville, Alton and Granite City are all cities of approximately 40,000 population. Granite City has been classified as an industrial town; the other two have not.

During the depression of the 1930s, Granite City was publicly declared one of the hardest hit cities in the nation, partly due to non-diversified industry. It is mostly steel.

In the Feb. 27 Press-Record, it was stated, "Hospital filled; waiting list." The administrator said, "In some cases we have just had to advise the persons involved to try to enter another hospital."

I think this is a deplorable condition. Shortly after World War II, there was a movement in Granite City to build a new hospital. The drive for funds never actually began because the whole movement was suddenly squelched, and it has never since been revived.

Within the last 60 days, this is what was provided at a hospital for \$42 per day:

30-day hair comb once every 30 days. The patient was in the hospital for two minutes before the nurse station desk was notified of a problem. Patient carried with soiled sheet, without being bathed with warm water.

Used bed linen rolled up and thrown to one side of the patient's room. Patient too sick to walk on herself and was brought a meal on a plate of potato, dish of spinach and flank steak cooked so hard and tough that a well person could scarcely cut it. At snack time, ice cream, fruit drink or milk were brought in and set on a bedside table.

After patient passes away, no personnel to be found in corridor, at nurse station or elsewhere for at least ten minutes. Another 15 to 20 minutes past before a doctor arrives but in the meantime at least six or eight hospital personnel are in the room.

These things I saw and no one can make me believe this was an isolated case of caring for a patient. I know of other patients who have complained of service, food, etc.

St. Elizabeth Hospital is supported by government money and a Ford Foundation allocation. Belleville built and has supported the Memorial Hospital, which is now building additional space; this is in addition to St. Elizabeth Hospital of Belleville.

Alton has a Memorial Hospital in addition to two religious institutions, as well as the Wood River Hospital just a few miles away.

There is something fishy about Granite City reportedly not being able to support another hospital. Why? Why?

MOTHER OF CANDIDATE REPLIES TO RUMORS

To the Editor:

I would like to clear up a false rumor about my son who is a candidate for mayor of Granite City.

First, let me put everyone straight about my son. He is very good to me and always has been. No matter the world one could ask for a better son than Clyde "Bus" Boyd.

I would like to tell you of a few things he has done for me: mending for my house, automatic washer and dryer, house painted and painted, revised television set, and pays my taxes, insurance, hospital bills and doctor bills, and contributes to my finances.

These are just a few of the things. There are lots more. He and his family give me great pleasure in life.

Yes, I quit but because I live to quit. I intend to continue quilting.

My doctor asked me what I demonstrated many times, and

did for a pastime and I told him "quilt and cook. I can think of just keep it up."

It hurts me very deeply, as it would any mother, that such malicious lies should be told. I feel very sorry for the ones who think of just keep it up.

I think the people who thought my son worthy of their votes and consider him for their mayor. It goes without saying that I am very proud of my son and will support and love him in his endeavors.

Thank you very much for letting me tell the true side.

MAYOR LED EFFORT TO WIDEN NAMEOKI ROAD

To the Editor:

Concerning the people living in the Nameoki road area, I think that the people who live on that road and give credit where credit is due.

Had it not been for our present mayor, Don Partney, this nice four-lane street would have been a big path with holes and dangerous, congested traffic jams several hours of every day.

Due to our mayor's efforts, this hazardous, narrow street has been made much safer and an eyecore for all who use this street has been erased.

I use this street several times daily and am certainly very proud of the hard work that was put into this one of many projects that our mayor has started and completed.

I, therefore, feel it is the duty of the people who live in this area and can see the good this project has brought to the area and be proud and ready to support Mr. Partney as the time draws near for his reelection.

FORMER CO-WORKERS SAY BOYD 'GETS JOB DONE'

To the Editor:

We, the undersigned, would like to tell some of the things we think Clyde "Bus" Boyd would be the best man for mayor of Granite City.

We have worked with "Bus" on different committees throughout the last 15 years and found him to be the type of man that a committee can work with and get things done for the betterment of all people involved.

He doesn't try to be the whole show. He will listen to any member of the committee, sit down with the whole group and talk things out, and listen with respect and appreciation for the help he is being given.

As shop steward, as workman's compensation committee, as trustee, as president of Local 467, international union, and now as a member of the city council, "Bus" has always done the job beyond the call of duty.

We are sure he will do the job of mayor of our great city. If the wonderful people of Granite City will just give him the chance April 1.

SENATE CANDIDATE HAS LEGISLATIVE EXPERIENCE

To the Editor:

As we go to the polls on March 11 to vote for our senators, it is imperative that we consider very carefully the qualifications of each candidate.

As an advocate of the people, Harry A. Briggs, supervisor of Nameoki township.

I have known Harry for many years and have been closely associated with him for the past eight years. As a member of the township board of Nameoki township, I have found that he possesses the many qualities that we expect of our representatives in the legislature while they do not agree with him, respect this ability and they have a tendency to lean toward his views on various subjects.

Let's elect a man who can and will give proper representation in the legislature.

the need for recreation facilities, and of the long struggle to establish the large natural lake area as a wildlife refuge and center of water sports, camping and nature study. We strongly urge the Illinois House and Senate and Governor Ogilvie to act favorably on the park legislation and to make the needed funds available immediately.

Proposed twin 1200-foot-long locks two miles downstream from the present Alton locks would eliminate a bottleneck and encourage an increase in river shipping and harbor operations here. The cost is considerable, but benefits would be much greater. Congressional approval is warranted.

Joint Legislative Committee Sessions

Unicameral legislatures have not had great success, partly because they complicate the task of according both population and geographic representation. But in bicameral states like Illinois, few would disagree that many functions ought to be carried out jointly; a current example is the Senate and House Constitutional Convention deliberations.

The two committees have been holding joint meetings this winter to consider bills setting up the mechanics for selecting 1969 convention delegates.

This has saved much time and avoided duplication of testimony by witnesses. In addition, it has given both senators and representatives the benefit and experience of a common discussion of the issues. It would guess that there also will be savings in the cost of operating the legislature.

The practice is not new but is used only infrequently. It could well be applied when other major proposals are before the General Assembly.

Six Decades of Service By Girl Scouts

Girl Scouts here and throughout the U.S. will celebrate their 57th anniversary on March 12, during National Girl Scout Week March 9-15. There is "Values to Hold, Values to Explore," symbolizing values held constant for six decades and expressed each day, month and year.

The 3,500,000 members express their beliefs—their values—through service in their own and neighboring communities, in schools, libraries, centers, hospitals and parks, fighting deprivation, widening circles of friendship and serving wherever good will and dedication can be useful. All deserve a heartfelt "Happy Birthday!"

Sounder Relationship Developed Between Two Levee District Areas

Establishment of a local office of the East Side Levee and Sanitary District is a healthy sign that it recognizes the need for a more unified effort of two large but widely separated areas, East St. Louis and the Quad-Cities.

With operations concentrated at the East St. Louis headquarters in the past, much more attention has been paid to drainage services there than in Granite City and environs, despite the efforts of board members residing in this community.

The "new understanding" reached between the Madison county and St. Clair county levee trustees regarding division of work between the two counties seems to be much sounder and to have a good prospect of permanence. It may also lead to more comprehensive federal drainage planning. President Campbell and Trustees Ebersold and Grant are displaying constructive leadership.

Non-Referendum Property Tax Increase Bills at Springfield

(Taxpayers' Federation of Illinois)

Even though local property tax bills will be received by taxpayers in Illinois this year to pay an all-time high, bills to authorize further increases are gradually creeping into the legislative hoppers.

Such bills generally authorize local governments to levy tax rates for funds without referendum, take off present referendum provisions, or authorize issuance of general obligation bonds without referendum.

The Taxpayers' Federation of Illinois has always stood strongly for the referendum principle and still does.

The Illinois taxpayer is left at the present time with very little protection from what can be described as unnecessary tax increases. Removal of referendum requirements on

yet with this compulsion he has the ability to understand the problems and to vote against the more fortunate—a unique quality that is not bestowed on all leaders in state government.

Harry understands the problems of township, city and village governments. His ability to sit down at a table and arrive at a logical solution to a problem is respected by all.

His opponents while they do not agree with him, respect this ability and they have a tendency to lean toward his views on various subjects.

Let's elect a man who can and will give proper representation in the legislature.

PARTNEY THE STRONG MAYOR CITY NEEDS

A good mayor cannot always be a politician. A politician

often plays both ends against the middle for votes.

To some politicians, vote getting is the supreme objective. They go to extremes in the way they grant favors, handle contracts, put friends on the payroll and decide enforcement policies.

A good mayor watches the tax dollar to see that it is spent wisely. He must sometimes slap wrists and be firm.

It takes a real man to run a city properly. Mayor Partney is not a politician, true, but he's a whole of a good mayor and no group controls him. He belongs to the people.

We have no major crimes, no racketeering. Our courts are free and fair to one and all.

Let's keep him. Let's keep him as mayor. I feel that all who are interested in our city should support him for the job and vote for Mayor Partney.

NUTRITION A LA CARTE

• Remember your first ice cream cone — your first dish of corn flakes — remember the twenties when I had my first Eskimo Pie and when men trucked fruits and vegetables to our neighborhood and sold them door to door. But the good old days didn't allow us to have fresh or frozen fruits and vegetables all year round. Now we can enjoy better nutrition, with fruits and vegetables available every day.

• Legend has it a sausage vendor at the Chicago World's Fair in 1893 provided his customers with a white glove to hold their sizzling frankfurters while they ate. When customers didn't return the glove, he lost money and hit on the idea of wrapping the frank in a bun. The hot dog was born.

• How did men first discover electricity? It's believed that nomadic tribes carried cream or milk in bags of skin on the backs of horses or camels and the movement of the animal churned the cream until butter was formed. This probably first happened by accident. Today's modern stainless steel churns turn out 5,000 pounds of butter an hour.

• Anemia is a frequent problem among women of childbearing age. It is caused by inadequate iron reserves in the body and not enough iron in the diet. Young age girls, too, frequently do not get enough iron in their diets. Good sources of iron include whole grain and enriched cereals, meats, eggs, milk, poultry, apricots, prunes, raisins.

• Two eight ounce glasses of milk furnish about three-fourths of the calcium an adult needs daily. Along with the calcium you get a favorable amount of phosphorus, top quality protein, and riboflavin (a most important vitamin), as well as other vitamins and minerals. It's almost impossible to get enough calcium in your diet without milk.

• It is common knowledge to say that water is essential in all animal and plant nutrition. Still, many people don't think of water as a nutrient. Put them all together, however, and add water and you have essential nutrition that we must have to be healthy and to survive.

Safety, Health Standards Revised

(U. S. Department of Labor)

The Labor Department has announced a revision of the safety and health standards under the Walsh-Healey Act. Public Contracts Act which will provide considerably greater protection for covered workers.

The Walsh-Healey Act sets basic labor standards for work done on United States contracts over \$10,000 in value.

The revision, which updates standards in effect December 1960, states that workers strengthening the safety standards pertaining to fire, safety, noise and other hazards.

Highlights of the revision are:

1. Adoption by reference of nationally recognized consensus standards, such as the national fire codes established by the National Fire Protection Association, and the American Society of Standards Institute.

2. Adoption by reference of the Federal Agency regulations, such as the Occupational Safety and Health Act of the Department of Defense and the Hazardous Materials Act of the Department of Transportation.

3. Adoption of an occupational standard designed to reduce the threat of loss of hearing from job noise, believed to hang over an estimated six to 16 million workers. This standard sets a maximum acceptable level of 85 decibels.

Man Arrested In High-Speed Chase Gets Six Months

James Buddy Davis, 22, of 1018 Douglas street, Venice, was sentenced to six months at the state penal farm at Vandalia and an additional six months probation Friday afternoon, less than 24 hours after his capture in a high-speed chase through Madison in which seven police cars participated.

Arraigned in Granite City magistrate court, Davis pleaded guilty to a charge of deceptive practices. Madison police dropped 11 other charges they had filed against him after the guilty plea was entered.

Madison Police Chief Emmett Pavia said the chase began at the First National Bank in Madison after Davis allegedly attempted a second time to cash a worthless money order for \$30.

Police also were holding a 14-year-old girl whom they said was accompanying Davis when he attempted to cash the money order and during the subsequent chase.

Police said they were notified about 1:40 p.m. Thursday that a man had attempted to cash a money order at the bank's drive-in window, giving the name of Earl Green for which he had no supporting identification. The teller refused to cash the order and bank officials notified police. The teller obtained a description and the license number of the car.

Tried Liquor Store
Fifteen minutes later Louis Nornberg at the Red Crown Liquor store, 312 Madison avenue, who had been asked to be on the lookout for the car, called police and said the man had attempted to cash the money order at the liquor store and left when Nornberg refused to cash it.

About 2 p.m., the man, later identified as Davis, returned to the same drive-in window and same teller at the First National Bank in a second attempt to cash the order. At this point Chief Pavia spotted the car. As he pulled up Davis sped out of the driveway, leaving the money order with the teller.

Pavia gave chase and radioed for help. Another Madison police car, two from Venice and three from Granite City joined in the pursuit.

Madison police said Davis sped north on Madison avenue to Seventh street, turning east, and continued to Alton avenue where he turned right. He then drove south on Alton to Sixth street on which he drove east to McCambridge. He turned on McCambridge to Fifth street, drove west on Fifth to Alton avenue where attempted to make a left turn and spun around in the intersection, Po-

OPEN STORM WATER DITCH close to homes along East 23rd street is causing concern for East Granite residents who want it enclosed rather than fenced to prevent children from getting to it and also

to make certain it doesn't become a dumping ground. It already is littered with an old Christmas tree, a tire and wheel, cans, boxes and barrels. "Children do climb fences," one resident stressed.

Faces License Charge

Willie Latin, 29, of 221 Hill street, Eagle Park Acres, was arrested by Madison police at 4:10 p.m. Friday on a charge of driving while his driver's license is suspended. Latin posted \$100 cash bond pending a magistrate hearing.

Runs Over Embankment

A car driven by Cathy Capes, St. Louis, failed to make the curve on Broadway at Main street in Venice at 1:40 a.m. Saturday and ran over an embankment. She was uninjured. Officers said she was headed west on Broadway.

Returns from Hospital

Damian Caffrey sr., 24 West Wilson Park drive, has returned from Jewish Hospital, St. Louis, where he was a patient the past two weeks, following major surgery.

Police said Davis, who ran very stop sign during the chase, jumped out of the car with his hands in the air.

Davis was booked on charges of deceptive practice, speeding, reckless driving, no valid driver's license, fleeing to elude police and seven stop sign violations.

Police said the girl who was accompanying Davis was turned over to juvenile authorities who later released her.

Contract Talks In Bus Strike Resumed Today

Another negotiation session—the fourth in five days—got under way in federal mediation offices at St. Louis today in an effort to break the deadlock over terms of a new contract between Bi-State Transit System and about 1400 drivers and mechanics. The strike went into its 16th day this morning.

Bi-State officials and representatives of Amalgamated Transit Union Local 788 resumed contract talks at 10 a.m. today with Federal Mediator E. A. Adams sitting in on the conferences. Negotiators met last Thursday, Friday and Saturday, but held no session yesterday.

The strike began March 1 upon expiration of the old contract when company and union representatives were unable to agree on a new wage schedule. The union has been demanding a wage boost from 60 to 70 cents per hour over the two-year contract period. The company stuck to a 45-cent maximum raise, but in a new offer last Wednesday raised the offer to 50 cents, plus additional fringe benefits.

Rejected New Offer
Union members rejected the new offer by a standing vote in which union leaders claimed only 20 out of 1400 drivers rose in favor of accepting the contract offer.

The strike has inconvenienced several thousand workers and students in the Quad-City area.

Police said Davis, who ran very stop sign during the chase, jumped out of the car with his hands in the air.

Parked Car Damaged

Marriage License

A marriage license has been issued in St. Louis to Ezell D. Mallet Jr. and Mary L. Derett, both of Madison.

Although school officials have reported that most students are getting rides to schools and absenteeism is low, many persons who customarily ride buses are using their cars, adding to traffic problems during rush hours. Some workers reported here today that they had to wait as long as an hour to get a taxi cab.

The strike has affected about 100,000 daily bus riders in the St. Louis metropolitan area.

HAWAII THEME OF WMS LUNCHEON, BOOK STUDY

The Women's Missionary Society of Grace Baptist Church held an all-day book study and luncheon there Thursday with Mrs. Frances Thomas, missionary program chairman, in charge.

This month's study, on the history of Hawaii, was taught by Mrs. Gladys Lemonds. She spoke on Southern Baptist missionaries' purpose and duties in the 50th state.

Following the program, a Hawaiian luncheon of lomo-lomo, volcano salad, macadamia nuts, tropical fruit salad, lomo coffee and a Hawaiian punch was served from a table decorated in the state's theme, with pineapple and other tropical fruit arrangements. The fellowship hall was decorated throughout in the same theme.

The ladies wore native costumes and were presented with leis as they arrived. In charge of the decorations and luncheon were Mrs. Thomas, Mrs. Shirley Miliken, president, and Mrs. Billie Boyd and Mrs. Vera Nash.

Other members present were Mesdames Fran Finley, Lola Miller, Alma Dorway, Marie Montgomery, Lenore Wely, Colene Sharp, Bernice Shipley, Beverly Fanning, Linda Hutchings, Wilma Andrews, Marilyn Parker, Charlotte Moeller, Merle Price, Gloria Joyce, Shirley Warren, Linda Hogan, Wilma Parker, Nadine Davis.

Replace Old Worn-Out House Windows with Nu-Sash

Unique test-proved Nu-Sash updates the home instantly; forever ends window problems.

Repairing old troublesome, rotted and rattling windows has always been a problem to homeowners and property owners who want to modernize. However, a handsome unique aluminum replacement window now provides a simple and economical solution.

This revolutionary product — Nu-Sash® — is a window specifically designed to replace old outdated deteriorated windows. The cost — including installations — is nearly 40% less than other methods of renovating or remodeling old windows.

With Nu-Sash, there is no costly remodeling of inside walls; no messy or dirty construction work. Old windows are removed and expert installation men install Nu-Sash in a matter of hours without touching inside plaster or disturbing the present woodwork around windows.

Nu-Sash has been tested under rigid laboratory conditions. Results show the window superior to recommended standards set up by FHA for new construction requirements.

Savings in heat and air conditioning bills alone pay for a Nu-Sash conversion. However, the real advantages and savings of new Nu-Sash windows are greatly realized when the outstanding features are tested and compared against ordinary windows.

As an important and permanent addition to the home or building, Nu-Sash qualifies for low interest home improve-

ment loans. Modest monthly payments are available.

Additional free literature, price samples, details and drawings, and names and addresses of Nu-Sash installations in the area are available by a phone request or by mailing the coupon.

Why are more and more quality buildings featuring electric heat?

Because professional builders have found electric heat is ideal for apartment and commercial buildings.

Every tenant has the exact temperature he wants in his rooms, at any time. Electric heating units are beautifully simple: maintenance is no problem.

Important, too, to men who invest big sums in a building is the fact that tenants love this modern type of heating. "Vacancy" signs are rare in electrically heated buildings. Ask builders like Paul Warfield of Monmouth, Jack Kiburz of Champaign, John Kent of Clinton, Ken Greene of Mt. Vernon, Dick Rayburn of Belleville and many others.

For more information on electric heat for quality buildings, just ask at our office.

Hickman, 33, St. Louis, an employee of National Lead Co., was treated for bruising at 1:15 p.m. Friday after a fall from a seven-foot ladder.

Monthly Immunization Clinic has Aided 15,000 Quad-Cities Children

VOLUNTEERS. Mrs. Roger Ward of the Granite City Jayceettes and Mrs. Milton Morris of St. Elizabeth Hospital Auxiliary check registration of mothers whose offspring are referred to the clinic by physician, school nurse or social service agency.

SORROWFUL EYES of stocking-capped girl and apprehension reflected in the face of the next child in line are usual reactions of more than 200 youngsters who attend the clinic first Saturday. Dr. George F. Dietz, a local physician, and Mrs. Beatrice Pyle, a Granite City school nurse, are frequent volunteers at the clinic sessions.

MOMENTARILY DISTRACTED by camera, a toddler gets his first smallpox vaccination from Sister Mary Thomas, while mother holds him tightly. Some parents react more than children on their initial visit to the clinic. Mrs. Ruth Mitchell, a school nurse, is assisting.

LOLLIPOP REWARD is offered infant who has received his immunization shot by Mrs. Carolyn Haldeman, a Jayceette and wife of Fred Haldeman, chairman of the Granite City Jaycees' clinic volunteer committee. At least three members of the young men's service club help at each clinic session.

Honor Mrs. Young at Dunbar School Party

Dunbar school fourth grade classes in Madison held a farewell party Friday honoring Mrs. Jewell Barrows Young, administrator, who has resigned to work here in the nutrition education program coordinated by the University of Illinois. Fourth grade teachers presented a St. Patrick's carnival course at the surprise party. Administrators, pupils, Girl Scout representatives and PTA members thanked her for her efforts, and gifts were presented.

Three School Districts Report No New Filings

The filing period for the April 12 school elections in the Quad-Cities will end March 22, with final withdrawal date set for March 23. No new filings were reported today by local school board posts on the opening day of the filing period. Six candidates, two each in Granite City, Madison and Venice districts, filed for school board posts on the opening day. Venice, incumbent Fred Rumpf and Willie C. Johnson sr. and in Madison, incumbents William Varva and William G. Schreiner.

Program on Disasters

Miss Grace Fossati, regional disaster director, and Miss Marilyn Streiber, regional nursing program director, will speak on "Disasters" at the March meeting of the Tri-City Red Cross board at 3 p.m. tomorrow at the Trust & Savings Bank.

SISTER MARY THOMAS, St. Elizabeth Hospital administrator, one of many volunteers who assist at monthly clinics held in the Tri-Cor Medical Building, 21st street and Madison avenue, each first Saturday of the month. Youngster cooperates in getting a booster shot from the hospital's top executive while volunteer in background prepares record.

Quint Anniversary Volunteers Provide Service To Community for Six Years

A health-welfare project that has aided more than 15,000 Quad-City children, with a minimum of public attention and a great deal of voluntary labor, has observed its sixth anniversary.
The anniversary of the Immunization Clinic was not exactly observed quietly this month. More than 200 youngsters, many reduced to tears, the prospect of booster shots and other necessary evils of preventive medicine, crowded into the clinic center at the Tri-Cor Medical Building, 21st street and Madison avenue, for a typical two-hour session.
Children treated at the clinic are referred by a physician, school nurse or a social service agency. Most are from families unable to afford the services of a regular physician and, if not for the clinic, may be forced to forego the protection afforded by vaccines and serums provided free at the center.

The project is sponsored by the Tri-Cities Medical Society. The vaccines used are distributed through the Illinois Department of Public Health and other medical supplies are furnished by the Tri-Cities United Fund. The center is operated from 8 to 10 a.m. each first Saturday of the month by teams of volunteer physicians, registered nurses and St. Elizabeth Hospital personnel, all of whom are assisted by members of the Granite City Jaycees and the Jayceette organizations.

Since the clinic opened on March 3, 1963, 15,187 youngsters have been treated. About 200 infants, toddlers and older children attend the clinic each session, an average of 2500 per year.

Shots administered at the clinic include smallpox, measles, tuberculosis, diphtheria and tetanus. Oral polio vaccine also is provided the young patients.

A yellow and green color scheme was carried out and the guests were entertained at games.

Refreshments were served to Mesdames Myrna Rich, Merle Rose, Judy Adams, Bernice Motin, Marie Davis, Terry Pipman, Ruth Yager and daughter, Carla, Polly West, Karen Steidler, Donna Halbert, Elaine Gurrell, Harriet Horn and those mentioned.

Dow Employee Dies
Oliver E. Koester, 26, Red Bud, employee of the Dow Chemical Co. in Madison, died at 5 a.m. Friday at Barnes Hospital, St. Louis, after an extended illness. A native of Red Bud, he is survived by his parents, six sisters and two brothers. The funeral was held Sunday in Red Bud.

R. G. Ballard Dies
Ralph G. Ballard, 75, Alton, brother of Mrs. Gertrude Tapp of Granite City, died at 5:30 p.m. Thursday at St. Joseph's Hospital, Alton, after a long illness. Military services were held Saturday for the world war I veteran, a retired auto repair garage owner.

School Session Tonight
The Granite City school board will confer at 7:30 tonight with a committee it has formed to study ways of increasing school efficiency. Other topics will include a work-study program, a joint study of class size and bus on pupil transportation.

Candy Strippers Events Planned
The Junior Volunteer Auxiliary of St. Elizabeth Hospital held a monthly meeting Saturday in the Tri-Cor classroom.

Mrs. Louise Sedlack, volunteer director, discussed numerous future events, including a weekend trip to the Ozarks early in June, a dance for the Canyon Strippers to be given by several prominent local businesses, and a new feature, "Candy Stripper of the Month," in which a deserving volunteer will be honored each month.

Charles Jackson, ways and means chairman, discussed the sale of Easter ham donation tickets at 25 cents or \$2 per book, March 28-29. A special Auxiliary meeting will be held March 22 in the Tri-Cor classroom to make final plans for Tag Day.

Refreshments were served to about 20 members and advisers.

MISS HART IS HOSTESS FOR FAITH CIRCLE
Faith Circle of Niedringhaus United Methodist Church met Thursday evening in the home of Miss Nell Hart, 2906 Iowa street.

Mrs. Pauline Cox presided in the absence of the leader, and Mrs. W. H. Cramer, a guest, offered the opening prayer. Mrs. Helen Simpkins presented the lesson from "The Interpreter," a church paper, on the topic "Whose Land," by Edwin Maynard. The article dealt with the Middle East.

Mrs. Simpkins reported on a recent executive committee meeting and other business was transacted.

Also attending the meeting were Mrs. Edna Lynn, Mrs. Pearl Albom, Mrs. Gwen Berry, Mrs. Betty Mathias, Miss Ella Ray Smith, Mrs. Esther Traynor, Mrs. Emma Schoen and Miss Virginia Segar.

Value of Calm Ideas Cited As Centennial of SIU Opens

University of Illinois President David Dodds Henry denounced college "destructionists" and upheld the concept of universities as "communities of learners" in a speech opening Southern Illinois University's centennial period yesterday at the SIU Arena, Carbondale.

Henry said, "It is an unhappy paradox that the institution which stands for reason and intellectual analysis in deliberative discussion as a basis for problem solving should be the scene of picket lines and assertive demonstrations—that the most vivid examples of anti-intellectualism in the United States should be on the university campuses."

"Slogans, placards and bull horns are not the appropriate instruments of intelligent decision making. The only power that should prevail in university life is the merit of ideas—ideas openly advanced and opened to free debate by all concerned."

Henry spoke on the centennial theme, "The University as a Creative and Innovative Force in Society."

Ways Change Must Occur

He said that those who believe in that force are confident that any change in structure, operation or objectives in universities will "come by the process which has sustained the university in its long history—namely research, experimentation, rational analysis and thoughtful deliberation and discussion."

Henry said it is important for students and citizens to understand the uniqueness of the university as an organization:

"It is not a government, although it has regulations to govern its life. It is not a business corporation, although it must act like one in ordering some of its affairs. It is not a public agency for non-educational services, although it encourages humane services for its own and other people. It is not a city, with authority delegated from its residents, although the ideas of its constituents must be evaluated."

"It is not a political instrument for social action through its members, as individuals, are free as citizens to be partisans if they choose."

Dignity of Thought, Learning

He quoted Poet John Masefield on the university as a community where "seekers and learners alike, banded together

in the search for knowledge... will uphold the dignity of thought and learning and will exact standards in these things."

Henry said universities help advance society on all fronts, and therefore political extremists believe they must be shackled or destroyed before society can be re-ordered by their standards."

He said careful distinctions must be made between critical idealists and "the revolutionary who would destroy before he would reconstruct, he knows not what."

"Confrontation tactics, when peaceful and not in violation of rule or law, must be tolerated but they need not be endorsed, approved or encouraged as appropriate for an academic community."

"The concepts of 'demands' and 'ultimatums' belong to the military arenas, not the academic."

"Insistence Upon Reason"

Henry said articles of faith binding the academic community together include "insistence upon reason, upon respect for the views of others and their rights to express them, upon intellectual humility which acknowledges the vast world of learning which lies beyond our own personal mastery."

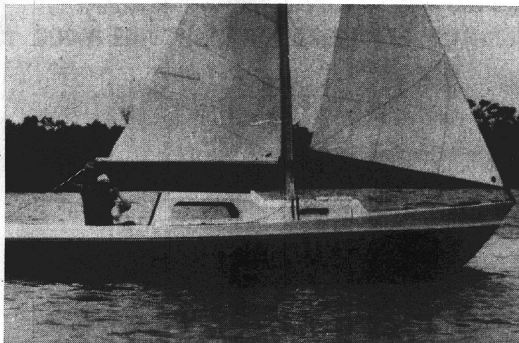

Decisions on university governance and enforcement of laws and regulations will continue to be determined by the "intellectual community" concept, Henry said, until they are orderly procedures."

The address was made to an SIU Charter Day Convocation audience including university guests and representatives of more than 240 other U.S. colleges and universities, as well as learned and professional societies.

The event opened a five-and-one-half-year centennial celebration at SIU's Carbondale and Southern campuses.

Henry and Richard Brown, former director of the Illinois Board of Higher Education, were awarded honorary degrees at the ceremony.

VACATION SAILORS cruising along the Florida keys are Mr. and Mrs. Robert L. Wolf, 1130 St. Thomas road, who learned to sail a boat last month at Key Largo, Fla.

Wolfs Become Sailors During Winter Vacation

Mr. and Mrs. Robert L. Wolf, 1130 St. Thomas road, are spending part of their winter vacation in Florida learning how to sail a boat.

They took a beginner's course at the Florida branch of the Annapolis Sailing School at Key Largo during the week of Feb. 24 when they sailed along the keys in a 24-foot boat.

The school is headquartered at Annapolis, Md., and also has a branch at St. Petersburg, Fla. The Wolfs took the two-day course learning the elementary principles of sailing before setting out for five days on a boat by themselves, though escorted by instructors in a power boat, so that the cruise becomes a new and unusual adventure.

By the time Mr. and Mrs. Wolf return from their vacation on Wednesday, they'll be prepared to sail a boat of their own this summer in waters in the area.

Wolf is an electronics manufacturer.

Drenovac Would Oppose Bonds For Incinerators

Opposition to legislation that would allow Madison County to issue \$8 million in bonds for construction of incinerators for refuse disposal will be one of his first objectives if he is nominated and elected as senator of the 53rd Senatorial District, Sam P. Drenovac, Chouteau township, said today.

Drenovac, who is one of four candidates seeking the Democratic senatorial nomination in tomorrow's special primary election, said he bases his objections on an extensive survey into the cost and effects of the use of incinerators for refuse disposal purposes.

He said results of research which he obtained from the Southwestern Illinois Metropolitan Area Planning Commission show that fee costs to communities using the incinerator method of disposal would jump tremendously over costs for refuse disposal at privately owned landfills. For Granite City, as an example, he said, cost of disposing of 12,500 pounds of refuse at a landfill is \$3, while the cost of disposing of the same amount of refuse by the incinerator method would be \$25. Comparison of landfill to incinerator costs in other areas is similar, he added.

Drenovac maintained that an \$8 million dollar bond issue for installation of one or more incinerators would cost the taxpayers 10 cents per \$100 assessed valuation and would result in a total debt of \$17 million because of interest, although this figure could vary slightly depending upon financing agreements.

Cost to the taxpayer would total about \$480,000 per year, he said, adding that use of incin-

2 Local Men Complete State Police Training

Robert D. Strack of Granite City and Larry D. Dutton of Madison were among 54 new troopers graduated Friday at the Illinois State Police Academy in Springfield. The Granite City trooper has been assigned to District three at Des Plaines, while Trooper Dutton was added to the tollway duty roster, attached to District 15.

State Police Supt. James T. McGuire said the new troopers increase the number of officers on duty to 1443. A new class reporting for training today will bring the total to 1500 men by June.

Principal speaker at the graduation ceremony was Director Herbert D. Brown of the Department of Public Safety, a state police academy alumnus. The class was the first sworn in for duty by Supt. McGuire and also the initial class to complete its 16 weeks of training entirely within the new academy south of Springfield.

Nameoki Road Accident

As the auto of Mildred Hayes, 3140 Wayne avenue, was making a right turn into the Lum's restaurant driveway on Nameoki road at 7:10 p.m. Friday, its right side and the left front of the southbound car of Donna Squires, 22, of 2445 East 24th street were damaged in a collision. The latter was charged with driving without a driver license.

Redistricting Meeting

The Illinois House subcommittee on County and Township Affairs will meet at Augustine's, Belleville, at 10 a.m. Thursday to discuss county reorganization with county supervisors of Zone One.

County supervisors also would add to the problem of air pollution.

Abandon Plan to Buy Building for Sheriff's Office

A plan under which the Finance and Jail committees of the Madison County Board of Supervisors had considered buying a 79-year-old pool hall building and remodeling it into offices for Sheriff George Musso and his staff has been abandoned.

The committee, meeting in Edwardsville Thursday, decided to return to an original plan to construct a new office structure adjoining the county jail on Main street. The lowest bid on that project, however, runs 40% over the architect's estimate of \$102,242.

The proposal to buy the building of the Idle Hour Billiard Hall, which adjoins the county jail, at a cost of \$40,000 and turn it into offices was considered after construction bids topped the estimate for a new building.

The county board had budgeted \$85,000 for the building project, and some of this money was spent for repairs on the present sheriff's offices, which are crammed into three small rooms in the courthouse. The Jail committee has a balance of about \$65,000 for the office project.

Purchase of the pool hall was opposed by Finance Chairman Les Prehn of Wood River township, who maintained there is no appropriation to spend the \$40,000. Prehn, along with C. A. Nicolet of Godfrey township, said the Jail committee should go ahead with a new building.
